DAO PROPOSAL: Redbelly “X Tipping Campaign” – Quarter 1 Pilot (1 Quarter Only)

A community-driven incentive program to amplify high-quality Redbelly content across X.

Submitted by: @Buffy_NFTs

Working Group: Community & Marketing

Date: 07/12/2025

Funding Request: USDT + RBNT (details in Section 6)

1. Proposal Summary (1–2 Sentences)

This proposal requests DAO approval to launch a one quarter pilot “X Tipping Campaign,” administered by seven paid DAO elected Leaders, where the community votes on the best content created using the following hashtags - #RedbellyDAO #RedbellyNetwork #RBNT. RBNT is distributed as tips to reward high-quality educational, technical, and awareness content. The program aims to increase Redbelly’s visibility, improve brand consistency, and grow an active social ecosystem. Anybody on x can turn on tipping and link a wallet in order to receive “tips”.

2. Problem & Rationale

Problem

Redbelly currently lacks high-quality, decentralized community-driven content on X. Existing activity is fragmented, engagement is inconsistent, and organic reach is low.

Rationale

Redbelly Network

Lack of structured grassroots marketing

Need for community-led educational content

Difficulty attracting new audiences

Why a Tipping Campaign Works

Incentivises quality, not quantity

Anyone on X or LinkedIn (posting via X) can participate — no KYC required to receive the tip, only to move RBNT

Community voting ensures decentralisation and fairness

Encourages creativity, competitiveness, and education-first messaging

Uses RBNT for its intended purpose: ecosystem growth

3. Objectives & Strategic Fit

Objectives

Increase organic reach and awareness of Redbelly across X

Establish a consistent flow of user-generated educational content

Grow community participation and DAO visibility

Create a fair, transparent rewards system based on community voting

Test a scalable incentives model for future global campaigns

Strategic Fit

Aligns with:

Community Working Group: participation, activation, incentives

Marketing Working Group: content distribution, brand awareness, storytelling

DAO-wide goals: adoption, decentralisation, measurable impact

4. Scope of Work & Timeline

Scope

Launch a 12-week tipping incentive program

Discord Elections in the DAO channel (can be self-nominated) to appoint 7 active DAO Leaders, as campaign administrators who receive a weekly stipend for the duration of the campaign of \$150USDT each. Each Leader is allocated a day of the week where they perform the following tasks. Max of four hours expected to complete the following:

Review daily relevant posts using the following #: #RedbellyDAO

#RedbellyNetwork #RBNT/\$RBNT

Run one/multiple polls to determine best 5 posts that day – try to get a

Redbelly Network

with 5 best youtubes, poll with 5 best medium articles etc....

All polls for this campaign conducted within Discord DAO channels to prevent botting

Once 5 winners for the day determined (preferably minimum of one from each category), wallet copied from their tips account, submitted with a link to the post to a Google Form.

Daily 5 winning posts also retweeted by DAO account once selected.

Tips given out once per week, and double checked to ensure no posts doubled up – if duplicated, only valid for one tip.

Each Leader has a max of 20,000 RBNT to Tip per day (140,000 RBNT per week). See below for categories to split between. If no entries for a particular category for that day, that amount can be carried forward and any left overs pooled and exceptional posts can receive “extra” at discretion of the DAO.

Track reach, engagement, participation, and onboarding metrics via links to the posts

Deliver end-of-quarter report

Timeline – 1 Quarter (12 Weeks)

Phase

Duration

Outputs

Preparation

Week 0

Rules, visuals, dashboards

Campaign Execution

Weeks 1–12

Weekly content entries, polls, tipping

Final Review & Report

Week 13

Impact report + recommendations

5. Key Deliverables & KPIs

Deliverables

Daily content winners selected via community polls

RBNT distributed to winners weekly

Redbelly Network

Analytics dashboard (reach, engagement, participants)

KPIs

Participation: 100+ content creators

Reach:

It's estimated the average X user has 707 followers

Estimated 10% visibility → ~70 views per creator, per post

If 100 participants post weekly → ~7,000 new impressions per week

Over 12 weeks → ~84,000 organic impressions minimum

Content Quality: measured via poll results + admin scoring rubric

Community growth: followers, impressions, mentions, reposts

Ecosystem impact: new wallets, onboarding to Discord, Spaces attendees

6. Budget Breakdown – RBNT Tips + USDT Admin Costs

Quarterly DAO Budget Available

2,500,000 RBNT total quarterly allowance

25,000 USDT total quarterly allowance.

DAO guideline: spend only 90%

→ Maximum usable this quarter:

This proposal only uses 140,000RBNT/week = 1,680,000RBNT for the quarter

This proposal only uses \$1,050USDT/week= \$12,600USDT for the quarter

This proposal uses significantly less than the maximum quarterly budget allowance.

RBNT Allocation for Tipping

Total Requested for Tips: 140,000 RBNT per week

Category Weighting (Quality > Quantity)

Category

% Allocation

RBNT/day

Purpose

Educational Videos

40%

8,000RBNT

Most effort, highest impact

Technical / AMA Content

Redbelly Network

Developer-facing, tactical

Deep Educational Threads/Mediums etc

20%

4,000 RBNT

High-investment content

Basic X Posts

10%

2,000 RBNT

Low barrier entry, encourages participation

Why This Split?

Prioritises high-effort, meaningful contributions, not spam.

USDT Allocation – Admin Allowance for 7 DAO Leaders

Total Admin Cost Requested: \$1,050 USDT per week

Quarterly: \$12,600 USDT

Per leader: \$150/week

Purpose:

Running polls

Reviewing content

Moderation & oversight

Reporting

Ensuring anti-spam and anti-sybil integrity

Total Budget Requested Per Q1

Token

Amount

Purpose

RBNT

1,680,000

Community tipping

USDT

\$12,600

Admin allowances

Both remain well within quarterly allocation limits.

7. Payment & Payout Structure

RBNT

Redbelly Network

USD 1

Paid to DAO Leaders monthly, post-performance, not upfront

Admins performance tracked via wallets/posts submitted on Google forms on their allocated day, plus DAO account conducting polls for their day, and DAO x account retweeting winning posts.

8. Oversight & Accountability

Oversight Lead

Buffy from High Council

Accountability

Weekly reports

Monthly reviews

Anti-spam controls

Sybil detection

Clear disqualification rules (plagiarism, spam, AI-only output, misinformation)

Final Review

Oversight Lead signs off for continuation or termination.

9. Risk & Mitigation

Risk

Mitigation

Spam/low-quality content

Community voting

Sybil attacks

Oversight & admin review

OVERVIEW **VOTES** 20 **DISCUSSION** ↗

Poll results published transparently

Negative sentiment

Educational disclaimer + moderation

Low participation

Weekly challenges, topic prompts, incentives

Regulatory risk

“Education only, not financial advice” disclaimer

10. Co-Funding & Leverage

RBNT incentives generate massive reach at minimal external cost

Redbelly Network

LinkedIn creators can cross-post to X

11. Contribution Equity

Admin Roles

7 leaders elected/nominated via DAO based on:

Activity

Reliability

Past contributions

Each receives equal compensation, preventing concentration.

Tip Distribution

All tipping goes to community members, DAO Leaders ineligible for Tips.

They do not need to be KYC'd, no verifications necessary. If you see a great post, talk them into turning on tipping. Get their wallet addresses. If necessary explain they will need to KYC as they will be getting a small tip in RBNT.

12. Compliance & Ethical Standards

This program:

Does not provide financial advice

Includes clear “education only” disclaimer

Does not require KYC unless withdrawing RBNT from wallet

Follows Redbelly brand guidelines

Ensures transparent, fair voting
