DAO PROPOSAL

Redbelly Official Mascot Design Competition by @debanked

Open to the full Redbelly community and ecosystem

1. Proposal Summary

This proposal launches a DAO-wide open competition to design an official Redbelly DAO mascot, with prizes awarded to winning entries and the DAO acquiring full usage rights to the selected character. The goal is to produce a high-quality, community-created, reusable brand asset suitable for marketing campaigns, educational content, live events, and ongoing social media presence.

2. Problem & Rationale

Redbelly currently lacks a distinct and recognizable visual mascot that can humanize the brand, improve recall, and be reused consistently across all channels. Without such an asset, marketing materials rely on abstract or generic visuals that fail to build emotional connection with the audience.

A community competition directly addresses this gap while generating additional value:

Encourages broad participation from designers and creators across the ecosystem

Surfaces diverse creative ideas that internal teams may not produce alone

Redbelly Network

Ensures legitimacy through transparent community selection rather than top-down appointment

3. Objectives & Strategic Fit

Objectives

Create an official DAO-owned mascot with full perpetual usage rights

Engage the community in a meaningful creative process

Generate reusable design assets for long-term brand use

Strengthen Redbelly's brand identity and visual consistency across channels

Strategic Fit

Community WG — drives engagement, incentivizes participation, and rewards contributors

Marketing WG — delivers a brand storytelling asset for campaigns and social media

DAO-wide goals — supports adoption and awareness through memorable visual identity

4. Scope of Work & Deliverables

4. Scope of Work & Deliverables

Phase	Activity	Deliverable	Payout Trigger
1	Launch competition, publish rules & brief	Public announcement + contest page live	No payout
2	Submission period + public archive of entries	Archived submission gallery	No payout
3	Shortlist reviewed + community vote opens	Top 10 finalists published	100,000 RBNT(10k each) released to finalists when winner is rewarded

4	Final selection + asset delivery + rights transfer	Full mascot asset pack + style guide	367,570 RBNT
---	--	--------------------------------------	--------------

Final deliverables include: mascot asset pack (highest quality PNG, SVG, vector formats), official style guide, finalist archive, and a final summary

Redbelly Network

5. Budget Alignment & Limits

5. Budget Alignment & Limits

Category	Amount	Purpose
1st Place Prize	210040.00 RBNT	Winner — full rights transfer upon delivery
2nd Place Prize	105020.00 RBNT	Runner-up recognition and asset contribution
3rd Place Prize	52510.00 RBNT	Honorable mention and archive inclusion
Finalist Incentives (×10)	100,000 RBNT	10,000 RBNT each for shortlisted participants
TOTAL	367,570 RBNT Main prize + 100,000 RBNT Runner ups	

Budget notes:

is reserved strictly for external prize payments and participants finalization — no personal expenses or unverifiable activities

RBNT is used exclusively for incentives — no token purchases

Total request remains well below 25% of the Working Group's annual allocation

Full cost justification is embedded in the payout structure above

DAO reserve policy is respected — no draw on emergency reserves

6. Payment & Payout Structure

All payments are milestone-based — no upfront disbursements

RBNT finalist incentives released only after shortlist is verified and published (Phase 3)

USDT prizes released only after final asset delivery and IP rights transfer are confirmed (Phase 4)

RBNT community pool distributed post-competition based on verified participation

Full payout tables published publicly before the competition launches

Supervisor validates each milestone before any payout is approved

7. Oversight & Accountability

An independent lead reviewer (Buffy) will be nominated from the DAO or Marketing Working Group prior to launch. This individual will not be eligible for any prizes and carries no financial interest in the outcome. The proposer will also be ineligible.

Redbelly Network

Verifying originality and intellectual property declarations for all submissions

Approving the shortlist before public voting opens

Validating final asset delivery and rights transfer before USDT disbursement

Approving all milestone payouts before funds are released

Publishing weekly progress updates in DAO channels

Submitting a final public report upon competition close

8. Impact & Measurement (KPIs)

Minimum 20 valid submissions received during the submission period

Community participation rate measured by unique wallet votes on finalists

Engagement tracked on all competition announcement posts across DAO channels

Complete mascot asset pack delivered in all required formats

Mascot adopted across DAO & community channels within 30 days of final delivery

Final report published within one week of competition close

9. Risk & Mitigation

9. Risk & Mitigation

Risk	Mitigation
Low-quality submissions	Clear design brief with style requirements published at launch
Plagiarism or copied artwork	Mandatory originality declaration; independent review of shortlist
Disputes over results	Transparent scoring rubric published before competition opens
IP or rights issues	Mandatory full rights transfer agreement signed before prize payment
Low participation	RBNT incentives for finalists + active promotion across all DAO channels

10. Co-Funding & Leverage

Community creators contribute their design work in exchange for prizes, meaning the DAO receives significant creative value at a fraction of market rate for commissioned artwork. The winning mascot becomes a long-term, reusable asset deployable across social media, events, documentation, education materials, and future brand campaigns — all at no additional cost.

Any future extensions such as animated versions, merchandise, or NFT variants would require separate DAO proposals and would not be covered by this budget.

Redbelly Network

receives a dominant share

RBNT rewards are spread across all verified finalists and community participants

The proposer and all oversight members are explicitly ineligible to win any

OVERVIEW VOTES 16 DISCUSSION 7

NO single contributor holds multiple lead roles under this proposal without separate DAO approval

12. Compliance & Ethical Standards

No financial advice is offered or implied by this proposal or competition process

The competition process is fully transparent — rules, scoring, and results published publicly

Only original, first-party work is accepted; all submissions must include an originality declaration

The DAO receives full, perpetual, worldwide, royalty-free usage rights to the winning mascot upon prize payment

All finalist and final assets stored in DAO-accessible repositories for community use

Consistent with DAO code of conduct; no regulatory or reputational risks identified

13. Community Involvement

Open submissions from all community members and ecosystem participants.

Community voting on the final shortlist — one verifiable wallet, one vote

Public discussion threads maintained throughout the competition period

All final assets shared openly for DAO-wide community use post-competition

This proposal itself is open for community feedback and co-authorship prior to formal submission

14. Decision Requested

Approve 467,570 RBNT to run the DAO-governed Redbelly Community Mascot Design Competition — with milestone-based payouts, independent
