## Governance Structure & Merit-Based Operational Leadership Constitutional Amendment

### Proposal

### Replacement of Existing Leadership Positions

Upon adoption of this amendment, the existing generic Leadership positions established by the Constitution shall be replaced by the following Operational Leadership portfolios:

#### 1. Treasurer

Treasury administration

Budget monitoring

Multisignature coordination

Treasury reporting

Approved treasury asset management oversight

#### 2. Governance & Proposals Officer

Proposal administration

Governance documentation

Proposal compliance

Governance policy administration

Governance reporting

#### 3. Technical & Ecosystem Liaison

Technical coordination

## Redbelly Network

---

### Developer coordination

#### Ecosystem partnerships

#### 4. Community & Communications Officer

##### Community engagement

##### Governance announcements

##### Documentation

##### Education

##### Contributor coordination

##### Community communications

#### 5. Strategy & Performance Officer

##### Strategic planning

##### KPI monitoring

##### Initiative tracking

##### Quarterly performance reporting

##### Continuous governance improvement

These positions replace the existing generic Leadership positions and provide clearly defined operational responsibilities.

The replacement of position titles is intended to improve organisational clarity and accountability only and does not alter the governance authority of the High Council or the constitutional powers of the DAO community.

The names and responsibilities of Operational Leadership portfolios may only be amended by an approved constitutional amendment unless the Constitution expressly provides otherwise.

### Executive Summary

This proposal clarifies the governance structure of the Redbelly Community DAO by distinguishing between elected governance positions and appointed operational leadership positions.

The High Council will continue to be elected by the community and retain governance authority.

Operational Leadership positions will instead be appointed through a

## Redbelly Network

experience and availability.

---

This proposal preserves democratic governance while strengthening the operational capability, accountability and continuity of the DAO.

### Background

The Constitution currently provides for elected High Council and Leadership positions.

Experience has demonstrated that Leadership positions perform operational rather than governance functions. These roles often require specialised skills and ongoing commitment that may not always be reflected through popularity-based elections.

This proposal aligns the governance framework with the original intent of the Constitution by ensuring governance remains democratic while operational responsibilities are undertaken by suitably qualified contributors.

### Problem & Rationale

Operational Leadership positions are responsible for functions such as:

Treasury administration

Governance administration

Proposal management

Technical coordination

Ecosystem liaison

Community engagement

Strategic planning

These responsibilities are better suited to transparent merit-based appointments than popularity-based elections.

The community should continue electing those responsible for governance while enabling operational roles to be filled according to competence and capability.

### Objectives

This proposal seeks to:

## Redbelly Network

---

~~Strengthen accountability.~~

Improve governance continuity.

Ensure operational positions are filled by suitably qualified contributors.

Increase transparency of appointments.

Reduce operational risk.

Improve long-term sustainability.

### Proposed Constitutional Amendment

#### Governance Structure

##### High Council

The High Council shall continue to be elected by the DAO community.

The High Council remains responsible for:

Governance oversight

Constitutional compliance

Treasury oversight

Strategic governance

Appointment oversight

Accountability to the community

This proposal does not alter the number of High Council positions established elsewhere in the Constitution.

##### Operational Leadership

The following positions shall become appointed Operational Leadership positions:

Treasurer

Governance & Proposals Officer

Technical & Ecosystem Liaison

Community & Communications Officer

Strategy & Performance Officer

These positions perform administrative and operational functions and do not independently exercise governance authority unless expressly authorised by

## Redbelly Network

with individuals possessing relevant qualifications, experience or demonstrated capability appropriate to the responsibilities of that portfolio.

### Appointment Process

Operational Leadership appointments shall be made by the High Council through majority resolution following an open merit-based recruitment process. Appointment decisions, including the reasons for selection, shall be published to the community. Any community member may challenge an appointment through the Governance Appeals & Review Policy where they believe the appointment process has not been conducted in accordance with the Constitution or approved Governance Policies.

Where an elected position remains vacant, or where insufficient suitably qualified candidates are available, the High Council may appoint a suitably qualified individual to serve until the next scheduled election, subject to transparency requirements.

Appointments should consider:

- Relevant experience
- Demonstrated capability
- Governance participation
- Availability
- Integrity
- Communication skills
- Absence of material conflicts of interest

### Recruitment Process

Appointments should normally include:

- Public expression of interest
- Published selection criteria
- Opportunity for self-nomination
- Transparent appointment decision
- Publication of appointment reasons

## Redbelly Network

Be for a six (6) month term with one extension.

Remain eligible for reappointment.

Be reviewed annually.

Remain accountable to the High Council.

### Responsibilities

Operational Leadership shall:

Fulfil the responsibilities of their assigned portfolio.

Publish periodic activity reports.

Maintain governance documentation.

Support community transparency.

Cooperate with other leadership portfolios.

Act in accordance with the Constitution, Governance Policies and Code of Conduct.

### Inactivity

An Operational Leadership member may be considered inactive where they have failed to meaningfully participate in the responsibilities of their appointed role for a continuous period of thirty (30) days without reasonable explanation or prior notification to the High Council.

Meaningful participation may include:

Responding to governance matters.

Undertaking the responsibilities of the position.

Attending scheduled leadership meetings where reasonably practicable.

Providing required reports or updates.

The High Council may extend this period where reasonable circumstances exist, including illness, family responsibilities, employment commitments or other exceptional circumstances.

Where a member is determined inactive under this clause, the High Council may declare the position vacant by majority resolution.

### Performance Review

An Operational Leadership appointment may be terminated for unsatisfactory performance or serious misconduct, including material breach of the Code of Conduct, where the High Council has determined, by majority

## Redbelly Network

---

reasonable opportunity to address identified concerns.

### Removal Process

Prior to removal, the Operational Leadership member should:

Be informed of the concerns.

Be provided an opportunity to respond.

Be given reasonable opportunity to address the concerns where appropriate.

Following consideration of all relevant information, the High Council may remove the appointment by majority resolution.

The decision and reasons for removal should be documented and made available to the community, except where confidentiality is required by law or to protect personal privacy.

### Appeals

Any Operational Leadership member removed under this provision may request a review under the Governance Appeals & Review Policy.

### Vacancies

#### Temporary Appointment of Foundation Personnel

Where:

no suitably qualified community applicant is available following a documented recruitment process; or

an Operational Leadership position remains vacant following reasonable efforts to appoint a community member; and

the continued vacancy presents a material operational risk to the DAO, the High Council may request that the Redbelly Foundation nominate a suitably qualified employee or contractor to temporarily perform the responsibilities of the vacant Operational Leadership position.

Any such appointment shall:

be temporary only;

ineligible for filling the Treasurer role specifically due to conflict of interest be approved by the High Council by majority resolution;

not exceed twelve (12) months without further DAO approval;

remain subject to the Constitution, Governance Policies and Code of Conduct;

## Redbelly Network

may appoint an interim replacement by majority resolution until the position is filled through the normal appointment process.

This proposal does not alter constitutional provisions relating to elected High Council vacancies.

### Governance Principles

Operational Leadership exists to support the effective administration of the DAO.

Appointments should be based primarily upon competence, experience, integrity and the ability to fulfil the responsibilities of the role rather than popularity.

### Snapshot voting

Constitutional amendments

Governance proposals

Election of the High Council

Benefits

This proposal:

Preserves democratic governance.

Improves operational capability.

Strengthens accountability.

Reduces operational risk.

Improves governance continuity.

Aligns appointments with required expertise.

Increases transparency.

Supports long-term sustainability.

Risk & Mitigation

Risk

Mitigation

Perception of reduced decentralisation

High Council remains fully elected by the community.

Perception of favouritism

Transparent recruitment process and published appointment reasons.

Poor appointments

Annual reviews, majority High Council oversight and defined removal

## Redbelly Network

Community retains governance authority through Snapshot voting and High Council elections.

### Constitutional Compatibility

This proposal clarifies the distinction between governance oversight and operational administration.

It preserves community governance while strengthening the operational capability of the DAO.

### Budget

0 USDT / 0 RBNT

### Decision Requested

Approve the amendment to distinguish elected governance positions from appointed Operational Leadership positions, adopt the transparent merit-based appointment framework described in this proposal, and authorise consequential amendments to related governance documents and role descriptions.
