

The chart displays two data series over a four-day period from July 12 to July 15, 2020. The green line, representing daily new cases, starts at zero, jumps to approximately 1,500 on July 12, and then shows a series of small increases, reaching a plateau of about 2,000 by July 13. The red line, representing the total number of cases, starts at zero and increases steadily at a rate of approximately 1,500 cases per day, reaching about 6,000 by July 15.

Date	Daily New Cases (Green Line)	Total Cases (Red Line)
Jul 12	~1,500	~1,500
Jul 13	~1,800	~3,300
Jul 14	~2,000	~5,300
Jul 15	~2,000	~6,300
